

## Chefsville-Kids: Our Solar System

(Assembly and Classroom Programs)

On-Campus

Time: 9am - 2:15pm, evenings for PTA/PTO orgs

Grades: K – 5

Community/Family, Talented/Gifted, Special Ed, Bilingual

### Description

Everyone loves the sky! Remember staring at the sky and you wished upon a star? Remember looking up at the night sky and taking in the majesty! Strap yourselves in for a ride!

Learning about the planets is exciting. In Texas, we have NASA! We also have many of the aerospace manufacturers to help us get to the stars. In this program kids will learn about the various objects that make up our solar system. Chefsville Kids will take students to the moons of Jupiter, and explore the possibility of life on these distant worlds. Travel through the expanse of the universe and discover just how much SPACE there really is. And we will learn how modern day scientists are pushing the limits of space exploration every day.

### Students will

- Learn about the major bodies in the solar system
- Learn about the asteroid belt
- Learn how galaxies and stars are classified
- Partake of a cooking demo and tasting of "space food"
- See technologies that came as a result of the US space program
- See space crafts and satellites
- Discover the magnificence of LIFE on our Earth by studying earth history
