(Assembly and Classroom Programs)

On-Campus

Time: 9am - 2:15pm, evenings for PTA/PTO orgs

Grades: K – 5

Community/Family, Talented/Gifted, Special Ed, Bilingual

Description

Weather is a great way of showing light, heat and sound and their impact upon the Earth. Nothing shows the Earth forces more than weather, and it's just fascinating to learn about.

Chefsville Kids will take students on an adventure through different forms of weather, storms and disasters while discussing weather safety. This program educates through games, forecasting, and experiments. Weather instruments will be shown and explained along with a discussion about various scientists who have pioneered weather science.

Students will

- Gain an understanding of evaporation, rain and forms of condensation.
- Learn about weather patterns and how important they are for sustaining life.
- Discover the tools used in recording/measuring weather.
- Learn the different symbols used in TV weather maps & reports
- Develop vocabulary for natural disasters and what to do in emergencies.
- Discover how different land formations were made as a result of weather and climate changes.
- Learn about light, heat and sound and usages in their daily lives.
