Children's workshops	

Cooking

Fitness

Nutrition

Safety

Relationships

Millions of people in America are dealing with serious family issues such as domestic violence, abuse, neglect and childhood obesity.

1st Class Kids is dedicated to empowering families to overcome these kinds of issues through education by providing unique hands-on learning experiences that are fun and exciting. **1st Class Kids** provides camps, classes, programs and workshops

**Chefsville
Kids**

Our cooking program "**Chefsville Kids**" teaches children basic life skills. Cooking involves so many aspects of life and we see the kitchen as the perfect place to teach critical life skills.

Cooking involves character building, reading, math, science, geography, social sciences and organization.
